

## EU/EC DECLARATION OF CONFORMITY

issued according to the law no. 22/1997 Col., as amended

**SENSIT s.r.o**  
**Školní 2610**  
**756 61 Rožnov pod Radhoštěm**  
**IČ 64087484**

hereby declares

that the characteristics of the below-listed products meet the requirements of the basic safety principles and the requirements of the technical documentation and that they are safe for the determined purpose of use under the condition of proper installation, operation and maintenance. All products introduced to the market were subject to measures taken to guarantee their conformity with the technical documentation and with the basic requirements of the technical standards listed below.

**Name of the product:** Temperature sensors for indoor usage with the output 0 to 10 V

**Type:** NS 700

### Description and usage:

The resistance-type sensors are designed for temperature measurements of gaseous substances in water-protected rooms. The sensors meet the IP 30 ingress protection requirements according to ČSN EN 60529 norm. Standard measurement ranges are -30 to 60 °C, 0 to 35 °C, 0 to 100 °C and 0 to 150°C whereas the maximum temperature in the surroundings of the head of the sensor is 70 °C and must not be exceeded even for a short time. A pleasing design and the high-quality material guarantee a non-disturbing appearance even in rooms where high aesthetic claims are posed. The sensors can be used for all control systems which are compatible with the output signal 0 to 10 V. The sensors are designed to be operated in chemically non-aggressive environment.

The product that is subject to this declaration is in accordance with the following norms and standards:

Council Directive 89/336/EEC of 3 May 1989 on the approximation of the laws of the Member States relating to electromagnetic compatibility, as amended by Council Directive 91/263/EEC, Council Directive 92/31/EEC and Council Directive 93/68/EEC that were implemented to the legal system of the Czech Republic by the government regulation no. 18/2003 Col.
